The Wedding Edit

WITH CLEMENTS & CHURCH

In August, our founder Benjamin was invited to style the **Clements & Church Wedding Edit** filmed and shot at the beautiful Belmond Le Manoir in Oxford. The brief for models Max and Daisy was to create several looks that emanated classic, timeless elegance.

To achieve Daisy's looks, Benjamin combined loose chignons with twisted rope plaits which allowed for an effortless transition for each shoot. Max's hair was cut using a disconnected layer and scissor cut

throughout the back and sides. The hair was prepped using Baxter spray in clay and then finished with a grooming cream.

Benjamin said of the day, "I was honoured to be working with such a great team, especially Max Clifford, a recent face of Burberry campaigns, and world-renowned photographer Sean Gleason, who has shot many iconic fashion brands including David Beckham."

CHARITY

Saying Goodbye

MIDLANDS SUMMER BALL

Through the years we've been fortunate to help and work with local businesses, charities and events such as NSPCC, Help the Heroes and the incredible **Saying Goodbye Midlands Summer Ball**.

Organised by our very own Claudia with a team of volunteers on behalf of The Mariposa Trust, the Saying Goodbye Midlands Summer Ball is a cause so very close to our hearts. The charity provides comprehensive support to anyone who has been affected by the loss of a child at any stage of pregnancy, birth or in infancy.

We would like to send a heartfelt thank you to everyone who supported the Summer Ball and helped to raise over £42,000!

You're amazing ... we love you all!

DNA

TESTING FOR HAIR LOSS

Hair loss is not as uncommon as you may think and there are many forms and causes behind each individual case. The most common type of hair loss is hereditary and is known professionally as androgenetic alopecia. Around 80% of men and 40% of women experience this type of hair loss in their life and without treatment it can be progressive.

TrichoTest™ and **TrichoConcept™** by **Faragon** are two new solutions that compliment each other in treating hereditary alopecia. TrichoTest™ is a complete diagnostic

examination of the hair shaft to isolate genetic causes and any other characteristics that may factor. TrichoConcept™ is a duo system that utilises TrichoFoam™ and TrichoSol™ to combat hair loss by providing balance throughout the hair bulb, scalp and shaft using 100% natural ingredients.

For more information on this innovative system please ask in store, email info@benjaminryanhair.co.uk or check out our hair loss blog post on the website.

BRH STORIES

INTRODUCING
OUR TWO NEW TEAM MEMBERS

Marnie & Miller

Marnie Annabella Matthews, Claudia and Benjamin's second child, arrived in July and was delivered unexpectedly at home by Benjamin. Weighing 8lb 8.5oz, Marnie was born naturally using the hypnobirthing method. We're happy to report everything's going well and Marnie can't wait until her hairs a little longer for daddy to start working his magic!

Claudia is now helping others achieve a calm and natural birth experience, to discover more take a look at www.labouroflovehypnobirthing.com.

Our other new team member is **Miller** - a rescued French Bulldog, who aged just 14 months is slowly finding his feet in the busy salon.

Whilst not sleeping, he can be found going out for walks or eating treats from adoring clients. It sure is a dogs life!

Come say hello when you visit the salon but be warned ... you may want to take home more than you bargained for!
